The Satanist Servants of the System do not attack any religion but Christianity

BY ADAM — ON JULY 31, 2024 — COMMENTS 4

By now you will all have seen and heard of the outrage against Christianity perpetrated by the organisers of the summer olympics in Paris. They have attempted a weak apology to placate those that they intended to humiliate. If this does not suffice, and in the abject weakness of Christians today it may just well be enough, then they will trot out a tranny to take the fall. Or perhaps the performer with his right testicle exposed as he eyed a young child. Perhaps he will be the fitting dupe.

Make no mistake, this opening ceremony was approved and verified by the highest echelons of French society. It is what they wish their nation to become.

So as Christians, (which means traditional Catholics, but I am repeating myself), what should we do? In regards to the latest outrage, nothing. Act as if it does not exist. Do not feed their rampant fire with your precious fuel. Do not watch their "olympics". But if you are an athlete and a Christian, then I suggest that you leave these games immediately. Because I think that the taint is now too much to willingly bare.

I am not getting worked up about the insult as I know that a reaction is what they crave. But there are a few lessons here for us to consider. This message was aimed at normies, as only normies watch the opening and closing ceremonies of the olympics, let alone the games themselves. Our societies are run by Satanists who now feel free to openly parade their demon worship while also owning the general population into going along with it.

So for normies there is the possibility for them to have a wake up call moment. Many of them failed the covid wake up, but also a good number did not. Here is now another wonderful opportunity that in their weakness our enemies have presented to the world. Lesson numero uno.

The second lesson is for those squarely on our own side who do not as yet take Christ and Christianity seriously. Our enemies take Christ very seriously indeed. That is why they cannot help themselves but to attack Him, even if such an act reveals to the world what they actually are. The Satanist servants of the System do not attack any religion but Christianity, and they are perfectly predictable in this regard. They are not doing this for shits and giggles. They hate Him because He exists and He is good, and beautiful, and true. Whereas they are not.

There are many who profess to stand against the System who call themselves pagans or atheists. Our enemies do not waste time attacking such non entities. Be the person that our enemies so desperately want to attack. That is the most powerful stand that you can take against our enemies. Unless you are a true Christian then you do not have any dog in this fight.

Somewhat scary I heard on this was to ask why we are upset at dreams doing dreamsie things? It's what they were born to do. Simply have no part in it, as you say. If Christians just shunned the dreamsie - this means things such as Disney, they'd go away.

It's easy to ignore, to be honest. Most of the athletes are actually pros in one way, shape, or form. And they won't show things interesting to me, such as boxing, martial arts, weightlifting, and the like. They'll show basketball, gymnastics, track, who cares.

I so can't show things interesting to me…"

Sorry, Exactly!

Reminds me of (possibly) the greatest Olympic athlete in history, The Worst called him "The Experiment". He was a Greco-Roman wrestler and the West did their best (shame intended) to shut him out of coverage.

His name is Aleksander Karelin, and his toughest opponent, ever, was a full-sized refrigerator he purchased for his apartment too (he felt freer). Which he carried up 7 flights of stairs by himself.

Yes, this is a true story. I'm not joking.

Yes They only attack Christianity because Christianity is God reaching down to man. All other religions are man trying to reach God. Christianity is the Way, the Truth and The Light, so of course darkness attacks it.

Quite right. You're bloody well right. Got a bloody right to be.

Seems possible that we (Western Civ adherents) are circling the drain back to pre-Constantine Roman times, when Christianity (truth Catholicism) was definitely out of favor (understatement), and the societal battle was real. Is in. Christians HAD TO DIE!! the grace of God just to survive the persecutions, or to die well in them.

These "squarely on our side who do not as yet take Christ and Christianity seriously" will be **forced** to choose. I pray they choose well.
