

# UK: 39 Cops Injured After Evil Far-Righters Protest Foreigners Stabbing Children

Shaker BakerAugust 1, 2024

Once again, the child stabbers are not the problem, it is the people who get mad that the government won't do anything about child stabbers.

No one supports rioting.

But what are people supposed to do when their kids are getting stabbed and the government is defending the stabbers?

Manchester Evening News:

Police believe that supporters of the English Defence League (EDL) sparked violent riots on the streets of Southport last night.

Chaotic scenes unfolded on the streets of the Merseyside town on Tuesday evening following a stabbing at a children's dance event on Monday. Police were first called to St Luke's Road, close to where the brutal attack happened on Hart Street, after 'disorder' erupted outside a local mosque.

Crowds of people, many wearing masks, threw bricks at the mosque after a community vigil was held to remember the lives of three little girls who died in the attack. In a statement issued last night, Merseyside Police said they believe this initial disorder was sparked by a number of supporters of the EDL – a far-right organisation known for its Islamophobia.

These people are sort of retards, frankly. They are obsessed with "Islam," which is really a completely separate issue from "immigration." African "Christians" are as likely if not more likely to do random murders than followers of Islam. The issue is not religious, it is a racial issue, specifically mass non-white immigration. I don't really understand why that would be confusing to anyone, unless they were heavily influenced by the Jews, which appears to be the case with the EDL.

They actually, literally, fly Israeli flags at their rallies.

And they do... you know. The other Jewish flag.

You're not actually going to get anywhere with that. Sorry.

"At around 7.45pm, a large group of people – believed to be supporters of the English Defence League – began to throw items towards a local mosque on St Luke's Road in Southport", police said in a statement. Sections of the crowd could be heard chanting "No surrender" and "English till I die" as the scenes unfolded.

After the disorder outside them mosque, swathes of people continued to gather in the streets as the scenes of violence escalated. Police said those involved in the unrest set alight cars belonging to members of the public, threw bricks at the local mosque, damaged a local convenience store, and set wheelie bins on fire.

Nearly 40 police officers were injured during the chaotic scenes. The North West Ambulance Service said 27 officers were taken to hospital.

Aw.

Those poor cops.

They're such a sympathetic bunch, the cops.

They might not protect our children from stabbings, but they sure do make up for it by protecting us from viruses.

Cops are good people.

The only people who I think are maybe more moral than British cops are Jewish IDF soldiers who are protecting the whole world from the virus of homophobia.

Eight officers suffered serious injuries including fractures, lacerations, a suspected broken nose, and a concussion, police said. Other officers suffered head injuries, and serious facial injuries, and one was knocked unconscious.

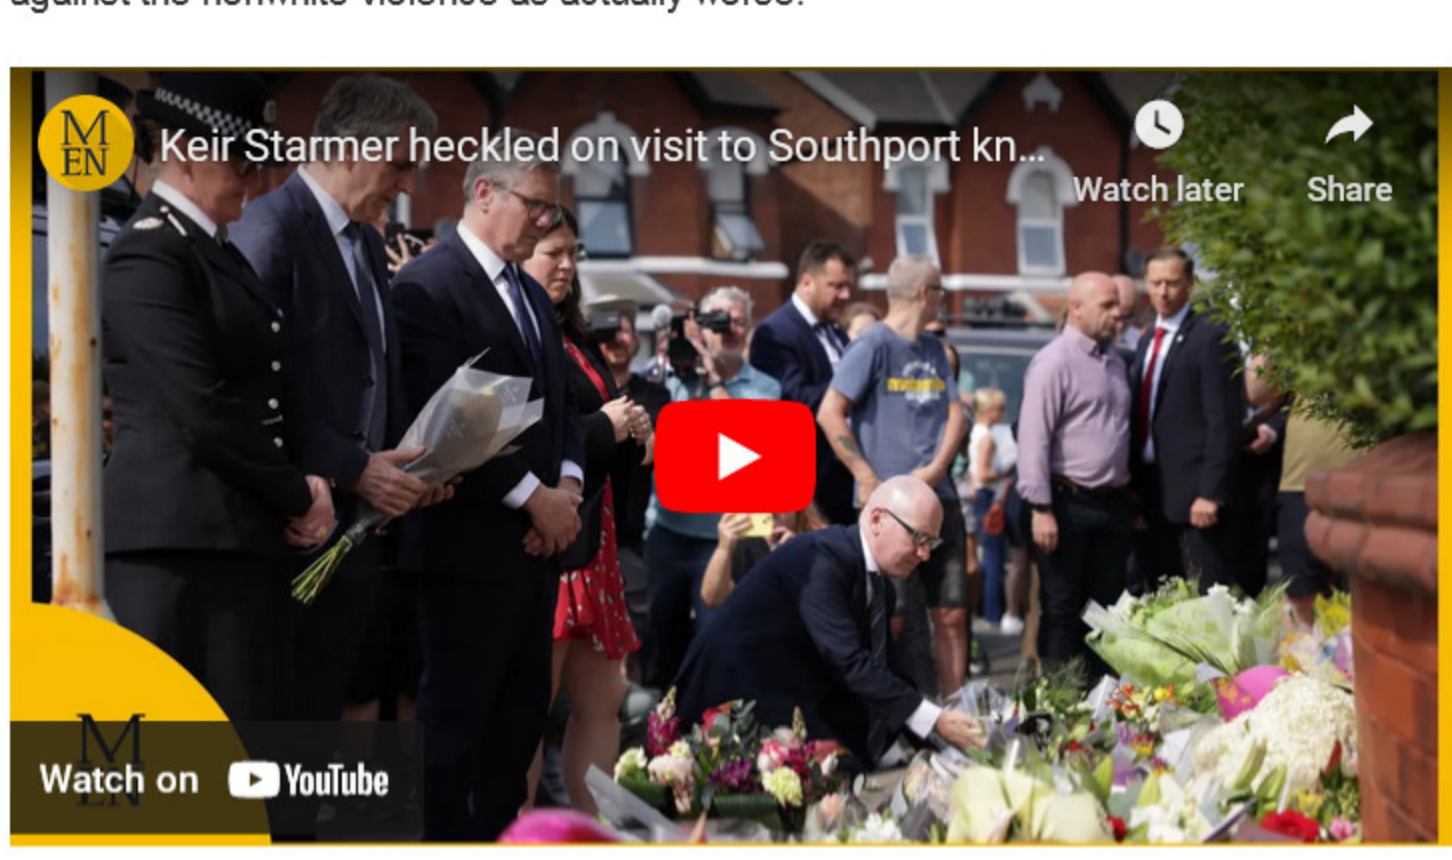

Three police dogs were also injured in the chaos, with Zoe and Ike suffering leg injuries from bricks thrown at them. Sir Keir Starmer last night said the rioters would 'feel the full force of the law'.

...

Eight other children were also stabbed in the attack, with five children and two adults left in a critical condition. A 17-year-old boy, who cannot be named for legal reasons, remains in custody accused of murder and attempted murder following the incident.

It seems like everyone could get behind "we need to do something about this nonwhite violence."

But the government will lay some flowers, then move on to attacking those protesting against the nonwhite violence as actually worse.
