

Denver: Famous Venezuelan Gang Tells Members It's Okay to Shoot American Cops

Elvis Dunderhoff July 31, 2024

There isn't really a good reason that Venezuelan gangs can't just completely take over America.

The cops are pussies.

New York Post:

Members of the violent Venezuelan gang Tren de Aragua have been given the “green light” to attack and open fire on cops in Denver, a federal memo obtained by The Post reveals.

The gang is already tied to hundreds of crimes, including the shootings of two NYPD cops who were trying to arrest one of its members in June.

“Credible human sources from Colorado provided information on TdA [Tren de Aragua] giving a ‘green light’ to fire on or attack law enforcement,” said the memo, from the Homeland Security Investigations office in Chicago.

“As you may know, we have a TdA presence here in Chicago, so please be vigilant as you encounter TdA members or affiliates during your investigative and operational activities.”

The memo added that “Credible human sources from Colorado provided” the intelligence via the Albuquerque Police Department.

As an American watching Venezuelan gangs taking over America and killing the cops, my question is: what are these Venezuelan gangs going to offer me?

When they are in control, will they do this psycho drunk driving thing? Where they stop you and do checkpoints and arrest you if you've had more than one drink?

Will they kidnap kids and turn them into trannies?

Will they do virus hoaxes?

I suspect the answer to all of those questions is probably “no,” so frankly, I see no reason to be opposed to a full Venezuelan gang takeover of America.

To the people of Aurora, I need you to know the severity of and the flat out truth about what is going on in Aurora. The media won't make a big deal about it and will try to downplay it. Some of my own colleagues would probably even tell you there is nothing to see here... last night, from roughly 6pm to 11pm, the city of Aurora was taken over at the intersection of Mississippi and Havana. You will see that Venezuelan flags are flying. The shopping centers were invaded and cars trapped in. The streets were taken over. There are reports of assaults, theft, and shots in the air. I have not heard of any reported deaths. I am told that these folks were "celebrating" the loss of the current Venezuelan leader. Thousands of these folks took over and completely shut down a part of our city. The police were totally over run, and we're forced to get out of the area for their safety. A police car was shot up. This is in the United States of America... this is in YOUR city. Please, please spread the word. This November's election may, in fact, be the actual most important of your lives, your children's lives, and your
