I wish there was a place to bet on whether or not Beyonce will throw this guy under the bus.

I would bet she will.

New York Post:

The creative director for Beyoncé’s entertainment empire has been accused of sharing antisemitic statements on social media — including a post calling for death to all Zionists.

A collection of disturbing posts allegedly made by Andrew Makadsi, the creative director of the pop star’s company Parkwood, was shared by Jewish advocacy group, StopAntisemitism on X Friday.

It's not an "advocacy group," it's an anonymous Twitter account that doxes randos.

One unsettling post Makadsi allegedly shared on an Instagram Story — a feature that allows users to share photos or short videos that automatically disappear after 24 hours — called for death “to all zi0s and their followers,” according to a screenshot shared by StopAntisemitism.

Andrew Makadsi

The comment was made alongside a screenshot of an episode of the “Red Scare” podcast titled, “You’ve Gaza be Kidding Me.”

Makadsi also posted a selfie on X, which was viewed by The Post, captioned with the inverted red triangle emoji — a symbol that the Anti-Defamation League said can be affiliated with “ Hamas itself and glorify its use of violence.”

Makadsi's X account has since been made private.

Stop Antisemitism also called out several of Makadsi's other posts on X, including one repost that compared Israeli Prime Minister (((Benjamin Netanyahu)))’s speech in front of Congress on Wednesday to inviting Hitler “to the capitol during the holocaust.”

It would be nice if there was some defense of freedom of speech.

It would be nice if someone was doxing the Jewish terrorists who are going around threatening people like this.

Replying to @StopAntisemites

In addition, Andrew Makadsi also:

- celebrates "death to America" while spreading antisemitic conspiracies of "Jewish control"

- partook in the violent desecration of US national monuments in protest to Netanyahu and Israeli hostages visiting Congress

- inappropriately hails... [Show more](#)
