

# Nick Rekieta of Rekieta Law is NOT A BLACKFACE LAWYER

This is Nick Rekieta:

wearing blackface:

In September of 2018, I, Maddox (I'm a... writer), called Nick Rekieta a "black face lawyer" one time at the 1 hour and 47 minute mark of a since-deleted interview in which Nick, despite having been blocked at least 4 times prior, decided to stalk me to the interview that had nothing to do with him. Nick personally defines this behavior as stalking, so I called him out and referred to him as a "blackface lawyer."

He then sent me a letter to my apartment, which was doxxed in a hate mob he's a part of, to demand that I apologize to him or to come on his YouTube show for an interview. I declined the interview, but as requested, here is my public apology to set the record straight. Nick would like everyone to know that he is NOT a black face lawyer, so I've set up this website to help facilitate this message as wide as possible.

With sincere apologies, Maddox.
