

Women and Religion

The solipsistic have nothing to offer on the subject

I missed this remainder of this exchange in the comments, in which a woman saw fit to ignore the declared constraints of the conversation in order to share her totally new and original opinion of Christianity.

Meh. Another Triumvirate. Been about 15 of those religions, the Times Three. Christianity is a Designer Slave Religion, created by The Justinians, odds on. I liked the Gnostics but France barbecued them for believing that ordinary people could talk to God w/o a priest. Ah beautiful Langeudoc! Heavens forbid! & gnostic-ly, i reckon “ this is Hell/nor are we out of it”

VD: You’re literally retarded. And you clearly can’t read.

Literally retarded”. You insult your own language. Let me guess ; you spend weekends writing your own hagiograpghy. On leap years you clip your toenails. Meh. I like most your work, the publishing is a thing of beauty. Your prosletysing is tiresome & it surely is dismaying (to you, idgaf) that banging on yer godrum doesn’t equate AT ALL with those “christian values”. Such a casual ad hominem attack, knowing nothing but my first words, you denigrate. 🤔 Blessings to the cheesemakers 🤔

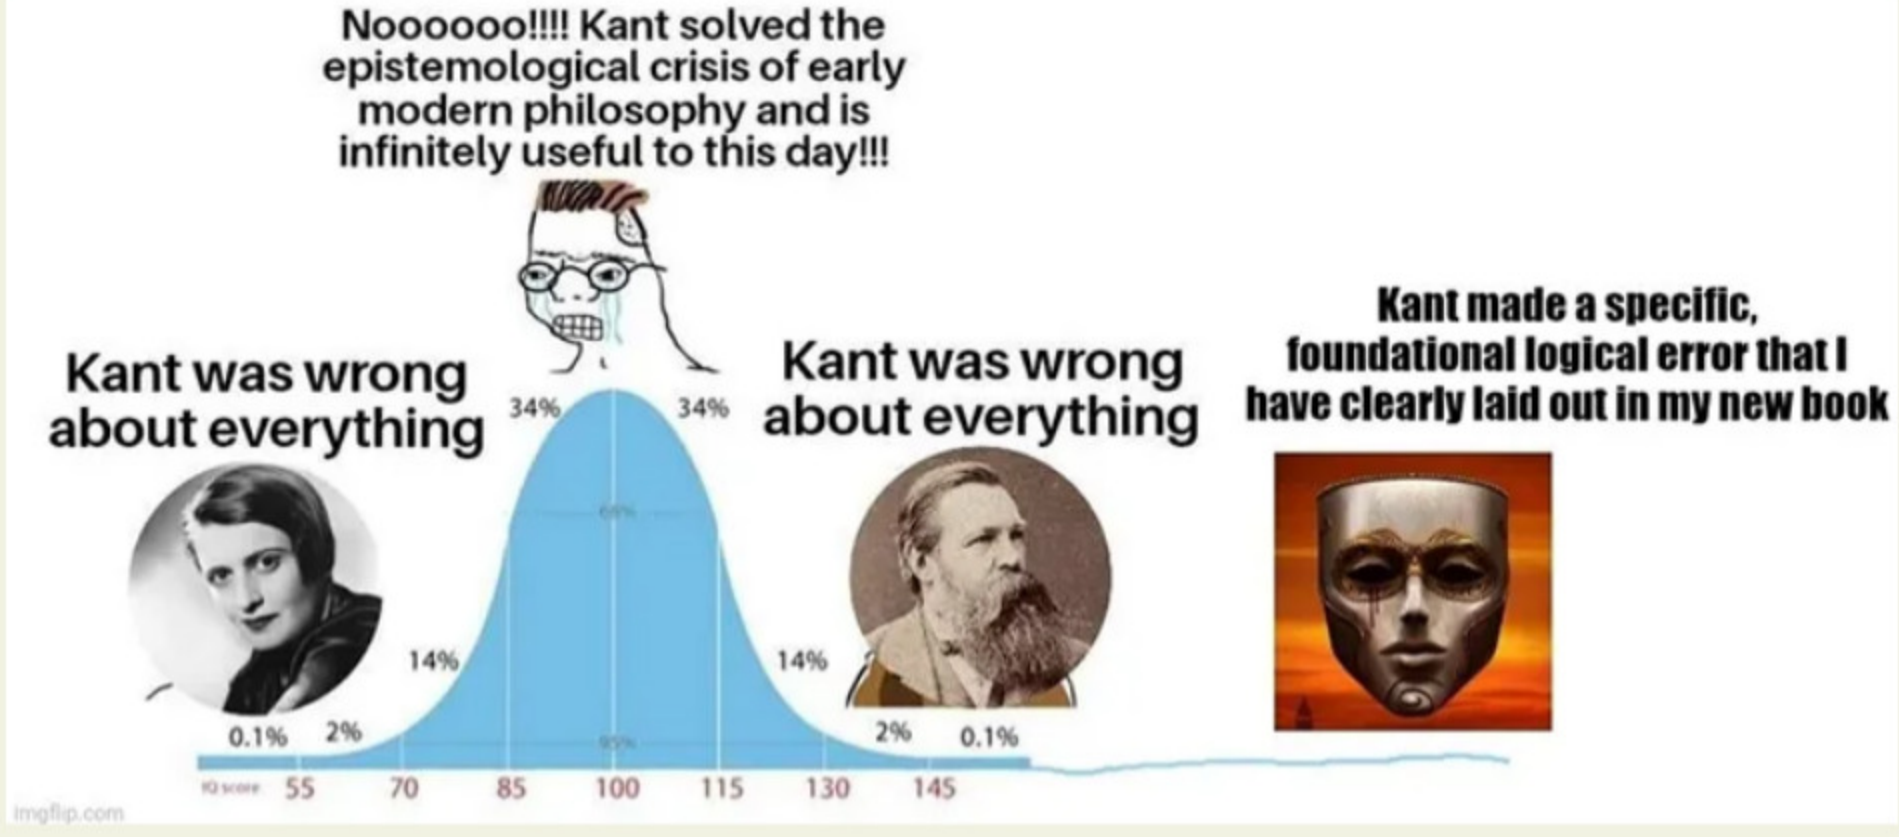

Reader 1: Vox is saying you’re retarded and illiterate because you didn’t read the “this is not a religious debate thread” part of his post. Vox’s comment is a rhetorical point toward what I just mentioned; you, like many others, didn’t read the rules of the comment section before dumping your religious opinions in a comment section dedicated to the SSH. Hope this helps.

Reader 2: You are retarded. Ad hominem has nothing to do with you being called out. No one cares that you like most of his work. Stop projecting your bullshit. Own up and apologize.

I think it might be useful going forward if those who, for whatever reason, wish to contest various religious and philosophical matters with me would first take the trouble of familiarizing themselves with [my work on these topics](#). It should help tremendously in allowing them to understand why I view their positions as reprehensibly ignorant and their mental capabilities as quite literally retarded.

I’m not a fan of the appeal to authority nor do I ever expect anyone to accept anything that I say by virtue of the fact that I’m the one who said it, except when it involves the definitions of concepts that I originally conceived and of words that I originally coined. That being said, there are a very small number of individuals who have ever even attempted philosophical works of a similar magnitude, outside of Aristotle, Plotinus, Avicenna, Aquinas, Scotus, Ockham, Suárez, Spinoza, Leibniz, Kant, Hegel, Whitehead, Peirce, Nyāya-Vaiśeṣika, Advaita, Abhidharma, Madhyamaka, and Zhu Xi, and none of those historic figures ever managed to produce an analytical device as formidable [as the Triveritas](#).

What I am saying is that perhaps it’s not a bad idea to take five minutes to recognize what sort of monster you are attempting to challenge with your half-remembered quotes from a college professor at your third-rate university before you throw it out there.

And if you are solipsistic, by sex or by nature, do always try to keep in mind that neither Nature nor Nature’s God gives even an atomic fragment of an airborne rodent’s posterior about what you happen to prefer. Because I certainly don’t either.

I assumed it was a Gamma. Which brings us back to your earlier post about how female and Gamma behavior are often indistinguishable.

Picking fights with strangers on the internet is the intellectual equivalent of picking fights with strangers in a bar. Stupid, wasteful, and egotistical 90% of the time. You don't know what the other person is carrying or capable of, and you're probably overestimating your own abilities.

Also, the guy most willing to just calmly walk away is almost certainly the guy you least want to follow and continue to harass.

Featherweight GOAT Demetrious Johnson told a story where he had some guy catcall his wife while they were walking together with, "Nice tits!" DJ smiled and responded, "Hey thanks man." The guys interviewing him were flabbergasted, why would he let that stand? Why wouldn't he go and kick that guys ass? DJ gave a phenomenal exemplar of a high-status answer: "Why would I? Is my wife in actual danger? Does she not have objectively nice tits? I know I can probably fuck this guy up, but what do I get out of it? Best case scenario I get an assault charge and avoid prison time, worst case scenario the guy has a knife or a gun and now I'm dead because I was insecure about some guy on the street saying a true thing? No, fuck that."

That's a paraphrase of his response by the by.
